

# UNLOCK THE FUTURE OF SECURE SCHOOLS

At Active Security Group, we believe that every student deserves a safe and secure learning environment. With cutting-edge school security systems from our supply partners at Salto Systems and other supply leaders, we are committed to providing the highest level of protection while ensuring easy accessibility for students, staff, and visitors.

## TURN-KEY SECURITY PROVIDER FOR EDUCATION FACILITIES

### Access Control

Our state-of-the-art solutions combine biometric identification, smart card readers, and video surveillance to monitor and manage entry points seamlessly.

### Data & Network

We design and install the backbone Infrastructure and equipment that will run your security and access control network.

### Security Systems

We integrate your access control and infrastructure into existing or new security systems and to occupant warning systems, including lockdown or evacuation situations.

### CCTV Systems

We install the latest cutting edge CCTV and cameras to ensure your education facility is well protected.
